

More Features and Benefits of the 400.

An affordable & efficient way to move your manure.

Reasons why choosing a genuine Patz Gutter Cleaner is your best investment!

1. **Dependable, superior quality products.**
Since 1948, Patz has established a tradition of quality by providing products that have gained a world-wide reputation for long-lasting dependability and superior performance.
2. **Customer support services before and after the sale.**
3. **Company certified technical support personnel with years of experience are just a phone call away.**
4. **Flexible payment plans available.**
5. **Local Patz dealership support.**
The same dedication to quality that Patz exhibits in equipment is expressed in the training and the type of person chosen to be a Patz dealer. Patz sponsors a continuing program of training seminars that consist of intense in-the-field and in-plant training sessions.

From sales to certified service personnel, your local Patz dealer has the expertise, products and programs to keep your operation running efficiently and successfully.
6. **Leading written warranty in the industry.**

PATZ® - the name you can trust to meet your material handling requirements!

2 hp., 3 hp., or 5 hp.

Printed Warranty

Patz chain is backed by a 15-year (5-year full) extended written warranty. Compare the Patz chain's warranty with any other hook-and-eye chain warranty. You will see why Patz chain is your best investment. For your protection, insist on a printed warranty that details all of the items covered and exactly how compensation will be made.

Note: New Patz contact points must be installed at the same time as new Patz chain in order to qualify for warranty.

CAUTION: Never operate Patz equipment without all shields and guards in place. Safety is no accident. Before operating any piece of equipment, be sure to read and understand the operators manual. The manual should be kept with the machine at all times.

Additionally, make sure all safety shields and devices are functioning properly and are securely in place.

For some photos in this brochure, guards were removed for photographic purposes only to allow viewing of the equipment features. Before operating equipment, all guards must be in place. Because Patz continually improves and updates products, Patz reserves the right to change the construction of machines or attachments or any part thereof without incurring any obligation to make like changes on Patz machines, or attachments previously delivered.
