

Customize your IntelliCable® Alley Scraper to fit your operation!

Corner Wheel

Cover removed for viewing.

Patz Proven Performer Corner Wheel

The 16" (406 mm) diameter cast iron corner wheels feature stainless steel fasteners as standard components. Corner wheels accept 3/8", 7/16", or 1/2" cable. Phenolic with graphite sleeve bearings for longer life.

Folding V Scraper

- Low-profile scraper wings and folding design allow easy passage for animals, tractors, and skid-steer loaders when bedding freestalls.
- Replaceable wings available for easy servicing.
- Cleans alleys with widths from 64 to 174 inches (1.6-4.4 m).

Folding Angled Tip-Up Scraper

- Wings pivot to follow wall tightly for better cleaning.
- During the reverse movement, blades tip up and wings pivot inward.
- Heavy enough to clean better; extra steel in wear points.
- Cleans alleys with widths from 84 to 192 inches (2.1-4.9 m).

- Replacement blades and wings available for easy servicing.
- Scraper removes easily – center in slot and lift off.
- Scraper can be replaced without removing sled.

Versa Folding V Scraper

- Low-profile scraper wings and folding design allow easy passage for animals, tractors, and skid-steer loaders when bedding freestalls.
- Cleans alleys with widths from 64 to 174 inches (1.6-4.4 m).
- Optional choice of three economical, replaceable, bolt-on blade edges:
 - AR400 STEEL for use with sand bedding.
 - RUBBER for use with rubber mat floors.
 - URETHANE for use with rubber mat floors or concrete (where floor wear is a concern) and sand bedding. This is a great alternative material for longer wear.
- Universal scraper wings are replaceable.

Sleds

where a shorter sled is required.

57" (1,448 mm) sleds provide better scraper stability. 37" (940 mm) sleds are available

For Rubber Flooring

alleys, ensuring only rubber blades touch rubber flooring.

Hard nylon rollers located on sled ends and scraper arms position the scraper above the rubber covered

Plastic Jacketed Cable

fraying, sand, sawdust, and manure. Provides longer service life than steel cable.

Patz blue plastic jacketed galvanized steel cable is cow friendly with superior wear resistance against stretching,

CAUTION: Never operate Patz equipment without all shields and guards in place. Safety is no accident. Before operating any piece of equipment, be sure to read and understand the operator's manual. This manual should be kept with the machine at all times. Additionally, make sure all safety shields and devices are functioning properly and are securely in place.

For some photos in this brochure, guards were removed for photographic purposes only to allow viewing of the equipment features. Before operating equipment, all guards must be in place. Because Patz continually improves and updates products, Patz reserves the right to change the construction of machines or attachments or any part thereof without incurring any obligation to make like changes on Patz machines, or attachments previously delivered. Specifications and prices subject to change without notice.
