IntelliShuttle® Box Scraper

CABLE BOX SCRAPER

For slurry manure with chopped straw, sawdust or sand-laden bedding.

Features Sentinel Control Panel with universal language icon navigation.

Drive unit design includes technology for precise scraper automation!

Shuttle box features AR400 (abrasion-resisting) steel bottom plates for longer life.

Mechanically activated swinging door.

Cross gutter:

Width: 36 inches (914 mm).

Depth: Minimum 34 inches (864 mm).

Drive can be installed in any position with up to 5 shuttle boxes per drive unit.

End wheel is designed for mounting on end or can be adapted to side walls for easy removal and service.

Side Wall Mount Wheel

End Wall Mount Wheel

NEW! SENTINEL CONTROL PANEL

- Patz innovative "Learning System."
- Fiberglass NEMA enclosure with easy-to-use, quick-connect electric cables with pre-wired junction box.
- Glove-friendly, easy-to-use, 7" (178 mm) color HMI touch screen display.

CAUTION: Never operate Patz equipment without all shields and guards in place. Safety is no accident. Before operating any piece of equipment, be sure to read and understand the operator's manual. This manual should be kept with the machine at all times. Additionally, make sure all safety shields and devices are functioning properly and are securely in place.

For some photos in this brochure, guards were removed for photographic purposes only to allow viewing of the equipment features. Before operating equipment, all guards must be in place. Because Patz continually improves and updates products, Patz reserves the right to change the construction of machines or attachments or any part thereof without incurring any obligation to make like changes on Patz machines, or attachments previously delivered. Specifications and prices subject to change without notice.

IntelliShuttle® II Box Scraper

CHAIN BOX SCRAPER

Chain Carrier
